Fifth Graders Visit Feeding America

Saint Jude fifth graders coordinated our recent food drive at which over 2,507 pounds of food were collected and given to Feeding America Eastern Wisconsin for distribution.

Then, this Monday, all the fifth graders and their chaperones took a trip to the Feeding America warehouse to see firsthand how the food is sorted, divided and distributed to those in need throughout the area.

The fifth graders were also put to work while at Feeding America. One group helped sort and bag potatoes. The other group worked with non-perishable products.
